

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

Please do not further weaken protections in the public interest for democratic access to cable and potentially to internet. More not fewer voices need to be represented. Please don't let only a few huge corporate giants control access to TV and the internet.
